## **Liverpool FC would like to update supporters on the Official Member ticket sales process for the 2021-22 season.**

The club is introducing new registration periods that Official Members must **sign up to** if they would like to purchase tickets during the Members ticket sales for Premier League home games.

This new approach will provide an enhanced and fairer ticket-buying process than the previous bulk Member ticket sales.

There will be two registration periods taking place within the same season: one in July, for games to be played during the first half of the season; and the second in November, for games to be played from January 1, 2022.

**[Registrations is available now](#)** and will close at 8am Friday July 30.

Following the registration periods, the dedicated Members ticket sales will then take place from the week commencing Monday August 2, with full selling details to be announced next week.

Up to a maximum of four eligible Member Supporter IDs can be registered within the one booking. Adult and junior combined accounts must register as a pair, or on a 2:1 ratio basis.

Supporters must have purchased an Official Membership for 2021-22 before registering.

As previously communicated, games purchased this season will not accrue credits to be used in future seasons. Supporters are encouraged to only purchase tickets for games they plan to attend themselves.
